Re: Sikafloor Outstanding Project Award

Dear Valued Sika Customer

Starting for the year 2013, Sikaflooring established two key programs, recognizing its loyal customers:

Sikafloor Outstanding Project Award	Recognizing specific contractor achievement for large/complex projects
Sikafloor Partnersclub	Recognizing Customers at three different levels of purchasing volume

You have been chosen to receive a Sikafloor Outstanding Project Award for 2013. This award recognizes the outstanding work you have completed on the specific project noted on the Award Plaque. At Sika, we value our relationship with contractors that are committed to delivering quality results and would like to thank you for your loyalty to Sika.

Separately, Sika has introduced the "Sikafloor Partnersclub". The purpose of this "Partnersclub" is to recognize Sikafloor customers at various purchase volume levels and their loyalty to Sika in building a successful business as partners. Over time, we intend to build features and benefits into the Sikafloor Partners Club such as a Contractor Council Meetings for selected members, and targeted marketing efforts.

You will receive more information and your recognition plaque for the Sikafloor Partnersclub with a separate communication package.

We are proud to introduce the Sikafloor Partners Club and Sikafloor Outstanding Project Award starting with 2013. It is a privilege to count you as a customer of Sika.

Sincerely,

Ralf Kubli
